We need your help! It's that time again - time to start thinking about the 2021 Super Deluxe Item! Once again this year we invite our players to submit projects! The Super Deluxe item is added to the account of every player who buys 1 year Deluxe Membership in 2021! Between 1 and 31 August, submit your own design and if your gets selected by the Webkinz team, your design will be turned into a virtual element in Webkinz World! The winner will also receive 1 year Deluxe Membership and nine finalists each will receive 1 month Deluxe membership. Entries will be judged for their originality, creativity and suitability for Webkinz World. To get your creative juices flowing, here are some past Super Deluxe Elements: It's easy to get involved! Just follow these simple steps: Draw your point. If your item has moving parts that need to be explained, please tag them so we know how it works. Scan or photograph a picture. Download it at the 2021 Super Deluxe Point Gallery at the GanzWorld Share Center anytime between August 1 and 31! Remember that you can enter as many designs as you want, the more views, the better! Contestants must upload their work to the Super Deluxe Item Gallery at the GanzWorld Equity Center. You can use any art form of supplies that you want! Want to use markers, pencils, pencils, it doesn't matter - the creative level of this competition? Unlimited! While we won't accept images that have computer templates or graphics copied and added to them, participants can use programs such as paint or Photoshop to color and draw by hand. We cannot accept materials with company logos or sports team logos. Please make sure you save your images like jpg, GIF, or png. So sharpen your pencils, equip your imagination, and get a drawing! Read the full rules of the contest here. A user in our forum, bearbowler, reported on the strategy of Webkinz Fall Festival leaves! We've all worked hard and watched the leaves very closely over the last few days, and the picture has finally emerged! When you first log in, you have to be patient and wait a while, sometimes more than 30 minutes for the first sheet to appear. As soon as it appears and you click on it, pay attention to the time. Since then, you are on a 6-minute time chart, depending on the time you have seen your first sheet. Now, this does not mean that you will see a sheet every 6 minutes, but it does mean that you have a chance to see one every 6 minutes and only during that time. Whether or not the sheet appears, you will remain in this 6-minute schedule. I've been checking this strategy for the last hour since I saw my first sheet and here are my results (BOLD means I saw the sheet): 11:25, 11:31, 11:37, 11:43, 11:55, 12:01, 12:07, 12:13, 12:19, 12:25, 12:31, 12:37Tham leaves follow a 6-minute schedule as reported, so I set a timer to leave every 5 minutes and 45 seconds, telling me to look at my Window World Video as reported, so I set a timer to leave every 5 minutes and 45 seconds, telling me to look at my Window of the World Webkinz! Hope it helps everyone out there get some of the great greats Autumn festival items, having a better chance of finding these pesky leaves!! Good luck! [... I never know how to get an inner coat of paint to look otherwise patterned from the outer paint layer. Any advice???? In: Classes, Kinzville Academy Comments Share Creativity Class 6 Class Creativity is a major Pet course at The Kinzville Academy. To win, you copy the example of the picture on the left. You take a drip of paint and fill it up before the big ball. The faster you rotate the more spiked the ball. When you reach level 10, you will receive special prizes. Since basically every photo hosting site since 2007 has decided that they hate third-party hosting, any high res tutorials on the Webkinz Creativity class are impossible to find, so I took it upon myself to create a handy, high quality size and speed chart for all of you! Happy painting! #webkinz #kinzblr #creativity #kinzville Academy #class #ganz #tooth.png #painting May 20, 2010-12010-05-20T20:04Nance speed for each template in the painting class can really help. I used a similar chart for my pets to explore their creative side. These are fifteen speeds and models that they make. Please note that 13 and 15 have paint lines at 3 and 9 o'clock. Speeds 12 and 14 are not. Here are some samples of how much paint to put in the drips. (For more information, see #17 and #38.) BENEFITS Benefits of taking this class include a Blow Kiss Action Dock Action after completion of Level 5 and a prize pool after completing Level 10. This prize pool will allow you to choose from 5 or 6 different prizes. Prizes are not Kinzpostable. May 20, 2010-22010-05-20T22:32 Save you so much Mama Shimmer. Maybe now I can really do this class and not tutor it. May 20, 2010-32010-05-20T23:32It's great, Shimm! Any plans for a guide on how much paint to use for different size models? May 21, 2010-42010-05-21T00:28 I will try with the size of the paint. I usually think. If it's big, I use more paint! If these higher speeds reach out to the edges, then you probably need a lot of paint. I'll see what I can do. I have some great high speed photos, but I'm having trouble posting them. I'll do my best! May 21, 2010-52010-05-21T00:30On more hint regarding color: If it looks greenish, then yellow under blue. If the yellow is on top, then it looks like dark yellow. I'll try to get a pic of this. My pet has just started a level where you have three drops of paint. Greenish: Make yellow Blue. (yellow goes to the bottom.) I was a little disappointed in this sample. This is the speed of one, with 4 drops of paint. It's yellow under the blue. It's not as green as it can be, but maybe you can tell that blue isn't as bright. Dark Dark Make blue in front of the yellow. (Blue goes to the bottom.) May 21, 2010-62010-05-21T02:50Y can, FunSilly. I'm Aa! Well, except for the agility class..... May 21, 2010-72010-05-21T03:31Yeah, agility class is very disappointing. I finally got the pet graduated, but I had to use a slow puter in the house to get through it. May 21, 2010-82010-05-21T08:26 Save tips. I'm having a problem with agility, too. And my computer was going slow and still not every time. I think I need tutorTradingPost Doug StadiumSchedule Academy May 21, 2010-92010-05-21T12:51 The first time I had to mentor agility, starting with Level 3. I just started level 3 on my current account and still so good! I was told to play AOL videos to help slow down the computer and it helped me. At level 10 I finally jumped the red obstacle and was so happy! It took me two weeks to get through the grade 10 level, which is calculated to pass the level in 2.5 years. Fortunately, I went better and eventually passed in most days. I haven't decided yet if I'm going to get my degree at my own expense, but I'm definitely working on the action in the dock. May 22, 2010-102010-05-22T20:09 Rescue Mom Shimmer ... It's a great guide... I use to use one like this and had it bookmarked and some like lost it, and since then I've been using a tutor... There is a wonderful post on how to exactly make this class here, right on this very site! Picture Class - Webkinz Insider Wiki Just go it fast for you, here it is: Photos below are located by speed level. The level number is written in the bottom right corner of each group. Each speed group shows the size of 8 levels of paint drip. Good luck to everyone! The Latter edited by Sleeping Awakening: 09-24-2013 at 01:38. Sponsored links 09-22-2013, 11:42 am #2 I luvz U! It's great especially since I have a very hard time with this class again, thank you! 09-24-2013, 01:28 PM #5 mycatsnores Forbidden to Join Date: April 2008 Messages: 238 Re: Academy Creativity Class Paint Splat Speed / Dropper Guide I am so glad it will be useful ... Thank you! It helped me a lot already. I couldn't pass level 7 for nothin'. The photos are a little smaller than the actual size, so make sure you look at the white area on the board, too, so you can see how close the sprays get to the edge of the canvas. It was fun to do... Wish you all a lot of luck getting to Level 10! 09-24-2013, 02:18 PM #6 The Tale is as old as time Gift Guru Join Date: July 2007 Messages: 21,160 Giftz: (68) 100% Re: Creativity Academy Class Paint Splat Speed / Dropper Guide Thank You Very Much!
